UPHOLSTERY FABRICS

Upholstery fabrics must have more durability than typical fabrics, particularly in terms of fabric strength. (Abrasion Resistance) It is a worldwide standard testing procedure that can be classified into 3 groups: private, office, and public. To meet the needs and usage terms of the customer, unique features like water repellent and fire retardant are included.

DUAL PURPOSE FABRICS

Dual Purpose Fabrics are engineered for exceptional durability, offering greater strength and resilience than standard curtain materials. Beyond their aesthetic appeal, these fabrics have rigorously passed international abrasion resistance standards, making them a perfect choice for high-quality furniture upholstery. Despite their robust construction, the fabric remains remarkably supple, ensuring it can be sewn into elegant curtains with beautiful, fluid draperies that are perfectly weighted for ease of installation.
